

Who We Are

The New Jersey Family Policy Council is a non-profit organization whose vision is to build NJ into one of the best places in the world to raise families. The work of our Youth Builders Program is carried out under the banner name of the New Jersey Coalition for Abstinence Education. Our primary objective of sexual education is to encourage all teens to remain abstinent until marriage.

We will endeavor to reach teens with the truth about the physical, emotional, psychological and spiritual consequences of non-marital sexual activity.

About Our 'NOT NOW' Program

Our program is designed to encourage and empower all teens to save sex until marriage. It is an interactive teaching workshop that educates teens on making wise choices in all areas of their life. We cover STD's, teen pregnancy, condom effectiveness, character building exercises, emotional heartbreak, and implementing strategies to fight peer pressure. Our program can be used in all settings: School, Church, community and home.

• The "Not Now" Program

Is a 1-3 session presentation geared toward middle and high-school teens to empower and educate them on making wise choices concerning their health.

- A donation is appreciated to cover the cost of the materials used in this program.

"No Sex... No Risk"

Not Us... Not Now!"

"True Sexual Freedom does not mean freedom to pursue instant gratification; Rather it represents freedom from disease, heartache, and unfulfilled promise. It means freedom to pursue dreams and goals, to be empowered to make good decisions that protect one's future health."

About the CD-Rom

We use an excellent tool in our presentation to address teen sexual health. It is an interactive CD-Rom that reinforces the message that waiting has long-term value and far-reaching impact in teens' lives. It is positive and upbeat, bringing the message to teens in an engaging way, enabling you to make a strong case for sexual purity to teens in your life.

CONTACT US

To schedule a teaching presentation please contact us at
