

March 31, 2017

Dear Member of Congress:

This week, yet another video was released revealing the abortion industry's callous disregard for human life. Planned Parenthood is the nation's biggest seller of abortions, committing more than 300,000 abortions every year. Since *Roe v. Wade* they have taken over 7 million unborn lives while raking in billions of taxpayer dollars.

It is time for Congress to re-direct funds away from Planned Parenthood. Instead, fund community health centers, which outnumber Planned Parenthood facilities by at least 20 to one and offer a full range of primary health care, unlike Planned Parenthood.

You have a clear path to accomplish this goal. Pass a reconciliation bill that cuts off the largest funding streams for Planned Parenthood. Reconciliation language to do this already cleared procedural hurdles in the last Congress. Moreover, Congress has the votes to get it done now, and President Trump has promised his signature. Now it's time to act on this opportunity.

The grassroots we represent expect you to stop funding this abortion giant. For years promises have been made, and the time has come to deliver. We urge you to pass a reconciliation bill that redirects Planned Parenthood funds to community health centers before the April recess. There are no excuses for inaction.

Sincerely,
